

Why Ashton Bentley?

Understanding our value to the customer

Ashton Bentley designs and manufactures meeting room AV infrastructure, display mounts and technology-enabled meeting tables.

Integrated with displays, videobars or cameras, Ashton Bentley solutions simplify installation and enable faster deployment of complete collaboration spaces.

In addition, Ashton Bentley Display Mounts are approved by Microsoft for Microsoft Teams Rooms Express Install, providing the simplest way to mount displays and collaboration devices in meeting spaces of almost any size without custom room remediation.

Ashton Bentley started over 15 years ago with a simple belief: meeting room AV was far more complicated than it needed to be.

At the time, not everyone agreed. Today, many of the industry's leading brands endorse and promote our solutions, and many global organisations trust Ashton Bentley to help simplify and standardise their workplace collaboration.

It hasn't always been a smooth ride, but it's been an enjoyable one. We've celebrated successes, overcome challenges, learned a few lessons the hard way, and proved, at least to ourselves, that the original idea wasn't quite as mad as it first sounded.
