

Ashton Bentley & Cisco - The Perfect Partnership

Understanding the value and how it benefits you

Ashton Bentley designs and manufactures:

- Meeting Room AV Infrastructure
- Display Mounts
- Technology-enabled Meeting Tables

Integrated with displays, Cisco Room Bars and Room Kits, our solutions simplify installation and accelerate deployment of complete collaboration spaces, including Cisco MX replacements.

Our Display Mounts are Microsoft-approved for Teams Rooms Express Install. The simplest way to deploy displays and Cisco devices in rooms of almost any size without custom room remediation.

Microsoft Teams

Why use Ashton Bentley?

Lower Total Cost of Ownership

- Lower install and support costs.
- Simple to upgrade and refresh.
- Adapts as workplace needs change.

Rooms Ready in Days, not Weeks

- Faster project delivery.
- Minimal disruption to the business.

Global Consistency

- Global standards, pricing, availability and warranty.
- Simplified procurement, deployment and support worldwide.

Trusted by Cisco and Microsoft

- Cisco Certified.
- Microsoft Approved for Teams Rooms.

Walk In and Work

- Same experience in every room.
- Less training. Less support.
- Meetings start on time.

Lower Installation Costs

- Minimal 3rd party works.
- Minimal room remediation works on decommission.

Remote Management

- Monitor and manage via Webex Control Hub.
- Catch issues before users do.

Peace of Mind

- Three-year warranty, extendable to five.
- Global availability and support.
